

## **Fund-raisers**

The Troop will schedule a variety of fund-raisers throughout the year to support our many activities. Scouts are expected to volunteer when asked. Supporting Troop fund-raising efforts is considered part of demonstrating Scout spirit. Parents are sometimes asked to participate in these events if they take place over several days.

Once we have established our fund raiser committee we will develop a few carefully thought out programs which will serve to underwrite the cost of the annual July summer camp program as well as one or two other major trips throughout the year.

Troop 8 also acknowledges that restarting the Troop after many inactive years will also require some time to reestablish funding and a core program. We are equally confident that with your help we can fast track the process.
